A weekly news letter produced by Brixworth Community Church Pastor Andy Lloyd-Williams and Community Worker Mark Palmer. Its purpose is to encourage you with a short thought and inform your prayers and your diary.

Jesus says 'I am the light of the world, he who follows me will not walk in darkness but have the light of life' (Jn 8:12).

I remember a time in New Zealand when I went caving. It was a great thing to do that required real courage at times. The leaders led you deep underground where you couldn't see your hand in front of your face. To help you move forward was a light attached to the front of the climbing helmet. Sometimes it got so dark that the light could only enable you to see just in front of you.

If you tried to ignore the light and look too far ahead, and then walk, you would soon stumble and fall.

Weather your circumstances feel dark at present or not, God calls us to walk just one day and one step at a time. There are times when this is not easy. I've said before that 'waiting' for the Lord, in some way, whether it be his guidance, blessing or provision or whatever is sometimes one of the hardest things to do as a Christian. One of the reasons why that is, is because we have a natural tendency to want to get everything sorted.

Along the way, God gives us his word to light up the way. As the psalmist says, 'Your word is a lamp unto our feet.' With the help and light of his word, along with the prayers and support of other Christians, we must walk by faith and not by sight. We must trust that God is good, can see the bigger picture and that he will get things sorted in the end. As a Christian chorus goes, "The future dark before us lies; the path is hidden from our eyes; and Jesus leads while faith he tries, just one step at a time."

Many blessings *Andy*
